#### Conference abstracts

##### Paper presentations

1. "Adenomatoid tumor: cytological diagnosis and review of literature". Presented at 1st annual conference Delhi Chapter of Indian academy of cytologists, 2012.
2. "Fine needle aspiration cytology of extracranial meningioma presenting as a cervical mass".Presented at Conference of Neuropathology,Maulana Azad Medical College, New Delhi, 2013.

##### Poster presentations

3. "Gastric teratoma in a newborn". Presented at International CME in pathology –histopathology and cytopathology, Goa medical college, 2012.
  4. "Synchronous atypical gastric carcinoid with squamous cell carcinoma esophagus". Presented at International CME in Pathology- Histopathology and Cytopathology, 2013.
  5. "Metastatic esophageal squamous cell carcinoma in kidney". Presented at annual conference of Indian society of Renal and Transplantation Pathology (IS RTP) and International CME in Renal Pathology, 2013.
  6. "Pyelonephritis complicating a multicystic dysplastic kidney in an adult". Presented at annual conference of Indian society of renal and transplantation pathology (IS RTP) and International CME in renal pathology, 2013.
  7. "Ectopic tubal pregnancy with ovarian dermoid cyst". Presented at AIPNA –ICP International CME in 2014.
  8. "Primary anaplastic large T-cell Lymphoma of intestine presenting as small bowel perforation: a rare presentation". Presented at 13thAnnual International Conference RGCON in 2014.
-

- 
9. "Primary Diffuse Large B Cell Lymphoma of Bone Marrow". Presented at 13th Annual international Conference RGCON in 2014.

### **Work experience**

#### **During Residency in Pathology at PGIMS Rohtak**

- Hematology
- Cytopathology
- Histopathology
- Autopsy

#### **During Senior Residency in Clinical hematology at KGMU, Lucknow**

- Training included diagnosis and management of patients with anemia, bone marrow failure, leukemia, lymphomas, myelodysplastic syndrome, myeloproliferative neoplasms and hemoglobinopathies.

#### **During Senior Residency in Immunohematology at Govt. Medical College, Patiala.**

- Rotatory training in collection lab, component lab, serology lab and transfusion transmitted diseases (TTI) lab, apheresis lab along with quality control management and managing voluntary blood donation camps.

#### **During post-doctoral fellowship in Institute of Liver and biliary sciences, New Delhi.**

##### **A. Histopathology**

Liver and GI biopsies make up most of the small biopsies in this institute along with renal, urogenital biopsies (TURP and TURBT) and skin biopsies. In addition, we also reported post-mortem lung, kidney and brain biopsies. A spectrum of Paediatric liver pathology is also seen at the department. Since the institute carries out a number of liver and renal transplants, we get access to a vast number of pre-transplant and post transplant follow up biopsies.

##### **B. Cytopathology**

Exposure to ultrasound, CT and EUS guided FNAC including ROSE-rapid on site evaluation for adequacy, cell block preparation and immunocytochemistry.

### **Personal**

---

---

Date of Birth	September 28, 1986
Citizenship	Indian
Languages spoken	English, Hindi, Punjabi
Marital Status	Husband: Senior Fellow in Robotic Surgery with Dr. Mani Menon at Vattikuti Urology Institute
USMLE	Passed step 1, step 2CS, Step 2CK, and Step 3
